

PLUS8 minis

It contains all 8 essential amino acids.
From 3 years of age.

General description:

PLUS8 minis is a highly concentrated protein supplement containing all 8 essential amino acids and L-Histidine for the nutritional treatment of Urea Cycle Diseases (DCU), such as Argininemia, Argininosuccinic Aciduria, OTC Deficiency, Citrullinaemia, Hyperammonemia or Hyperornitinemia. PLUS8 minis is an amino acid formula in tablets, ready to take and ideal to takeaway, without flavor or smell. Suitable from 3 years of age, for teenagers and adults. PLUS8 minis are discreet, neutral, convenient, practical, efficient, flexible and quick to take.* It contains pure L-amino acids as protein source, vitamins, minerals and all essential micronutrients. Developed to provide an intake with high content of protein supplement and low calorie content.

Presentation and Protein Equivalent (PE):

Each box contains 35 sachets (330 g). Each sachet contains 14 tablets (5 g PE).

Important information:

PLUS8 minis must only be used under medical supervision. Not for use as a sole source of nutrition. For enteral use only.

Dosage and Administration:

The daily total amount of amino acid mixture depends on age, body weight and individual medical condition, and should be determined by a medical specialist. The daily quantity of PLUS8 minis should be taken in 3 - 5 single portions. The daily dosage of amino acid mixture can consist either exclusively of PLUS8 minis or of several products suitable for use in the dietary management of DCU. The diet must be supplemented with energy, natural protein and other nutrients.

Preparation:

Oral supplementation with sufficient quantity of water or suitable liquid. PLUS8 minis should not be dissolved in water or other drinks.

Storage:

Keep it in a cool, dry place. Once opened, consume the sachet content within the next 6 hours.

* **Discreet** – almost no attention drawn to the dietary product; **Neutral** – coated tablets, no taste, no smell; **Convenient** – ready “to go”; **Practical** – no cooling necessary; **Efficient** – high in protein and low in energy; **Flexible** – wide choice of drinks suitable for intake; **Quick to take** - easy application.

Product

PLUS8 minis

Treatment of

DCU

Presentation and PE

AA formula in tablets.
Each box contains 35 sachets (each with 14 tablets ≡ 5 g PE)

Age

From 3 years of age

Preparation

Tablets ready to take with water or other suitable liquid

PLUS8 minis

It contains all 8 essential amino acids.
From 3 years of age.
